Completed Internship Program on Internet of Things using Python Programming.
(10/06/2024 to 26/06/2024)

CERTIFICATES

Oops Concepts in c++ - Great learning

PROJECTS

PRODUCT SALES ANALYSIS

The purpose of this project is to conduct exploratory data analysis and determine which category of products has the highest revenue, which category offers the most discounts, which category has the highest customer engagement, and other insights

The dataset includes the sales data for over 1000 products found on Amazon, including the price of the product, average rating, reviewer information, product description, and product link
